IMPORTANT AUTO MEETING HELD

Two New Directors Elected, a Racing
Board Appointed and other impor-
tant Business Transacted.

The Florida East Coast Auto-
mobile Association held an impor-
tant and well attended meeting at
the rooms of the Halifax River
Yacht Club Monday night.

It was expected that J. J. Mor-
gan, the New York Secretary of the
Racing Board would be present, but
business detained him and he can
not be here until later.

Two new members of the board of
directors were elected. They are
Geo. E. Seebing, of Seebing, Ohio,
and N. A. Lewis, of Fargo, North
Dakota. Both these gentlemen are
winter residents of Daytona, and
both are enthusiastic automobilists.

A racing board, to work in con-
junction with a board from Ormond
was also appointed consisting of S.
H. Gove, Geo. E. Seebing and N.
A. Lewis.

The report of Secretary Hunne-
well shows that the Association is in
good shape, having a total of one
hundred and thirty nine members
in good standing, with a balance in
the treasury of over two thousand
dollars.

Matters pertaining to the coming
meet were discussed and it was de-
cided to hold another meeting dur-
ing the stay of Mr. Morgan here,
which will be announced as soon as
it is definitely known just when he
will be here.

Considerable interest is being
manifested in sporting circles over
the coming meet, and the event
promises to be one of the most suc-
cessful in the history of the Associa-
tion.

Several additional trophies were
added to the already large list and
the list of prizes will be the largest
ever offered for a similar event.

HOTELS AND BOARDING HOUSES

Wishing to Accommodate Visitors at
Coming Race Meet Should List
Same With W. J. Morgan.

As visitors to the Automobile
Meet last winter had considerable
inconvenience in finding suitable
hotels, boarding houses and fur-
nished rooms, W. J. Morgan, rep-
resenting the meet at New York is de-
sirous of getting the names and ad-
dresses of all who can accommodate
visitors in the above requirements,
January 22nd to 27th and before
and after that date, as many will
remain in Florida after the races are
over.

It is Mr. Morgan's intention to
send out a list of such places that
can accommodate visitors in reply to
the many hundreds of letters received
by him each winter. Please state
the price that will be charged for
hotel, including board and room and
for rooms exclusively, giving the lo-
cation of the place and the location
of rooms.

Mr. Morgan can be addressed at
116 Nassau street, New York City.

No Small Fry Here.

Anthony Bros., who run gent's
furnishing houses in Miami, Palm
Beach and West Palm Beach, are
just completing a commodious store
in Daytona, where they will open
their fourth store. This live firm
last week closed a contract with the
Daytona Gazette-News for 4,450
inches of advertising matter. Most
live business men know the value of
advertising. Nearly all of them
have made their money through
honest dealing, hard work and the
wise use of printer's ink. The small
fry say, "Advertising doesn't pay." And
they continue small fry to the end.—DeLand News.

To Examine Employees.

Superintendent Wakely and Dr.
S. G. Worley are examining the
employees of the entire system of the
Florida East Coast Railway. The
employees will be examined for vision
and hearing. The superintendent
and doctor will start from the north-
ern terminus of the road and work
southward. They will be engaged
from ten days to two weeks on the
test.

NEW COACHES FOR F. E. C. RY.

Addition to the Equipment Will Be a
Big Item.—Rolling Stock Will
Be Renovated.

All indications point to a larger
business on the Florida East Coast
Railway during the coming winter
than ever before, and the railway
company has prepared to handle it,
says the St. Augustine Record. The
rolling stock of the road has passed
through the shops and has emerged
in as good condition as when new.

During the past summer and up
to the present time, the locomotives
have been dismembered and every
piece thoroughly cleaned and tested,
receiving repairs where necessary.
For several weeks past these engines
have been turned out of the shops
at the rate of one a week and soon
the last of them will be again on
the rails and in the pink of condi-
tion.

Many of the coaches have been re-
painted and upholstered. They are
also in as good condition as new.

In addition to placing the equip-
ment of the road in perfect condition
the company is making large addi-
tions to the rolling stock. Three
new sleepers have been ordered and
are expected to arrive here in the
course of a few weeks. Ten new
coaches, each 70 feet long, have also
been ordered, and will arrive shortly.
Six new express coaches will also be
added to the equipment. These are
70 feet long.

The Florida East Coast Railway
has been developing like magic, and
it now ranks among the very best
in the country. In every depart-
ment it is up to date and the road-
bed is one of the smoothest in the
United States. The service is un-
surpassed, and traveling on this
road is robbed of most of the dis-
comfort encountered on many other
roads.

Year by year the equipment has
been increased, but none too much
for the continual increase of busi-
ness, and the coming winter prom-
ises to furnish sufficient business for
the additional rolling stock.

A MOST REMARKABLE OFFER

Made by the Gazette-News, Which is
Determined to Largely Increase
Its Subscription List.

The Gazette-News is determined
to increase its subscription list by
several hundred names, and to do it
is making a remarkable offer.

To every person not at present a
reader of the Gazette-News who will
pay \$1.50 for a year's subscription
a handsome County, Township and
Railroad Map of Florida will be
given absolutely free.

This survey is a splendid compi-
lation of facts, figures and drawings
and of wonderful value. Counties
and towns fully indexed and popu-
lation of each are given, railroads
plainly shown and distances between
all stations also shown; congress-
ional districts outlined, numbered
and population given. On the re-
verse side is a large scale map of
the United States, inset maps of
Alaska, Hawaii and the Philippines;
maps of Europe, Asia, North and
South America, Africa, Australia
and Cuba; population of the United
States by States and Colonies; popu-
lation of cities having 10,000 or
more inhabitants; conspectus of the
civil divisions of the world, their
area, population, government, etc.;
chronological survey of the world's
history since the discovery of
America.

The map must be seen to be ap-
preciated. Remember one goes free
to every new paid in advance yearly
subscriber. To present subscribers
who are in arrearsages and will pay
to date and one year in advance one
of the maps will be given. Or if
you want a map without the sub-
scription you can purchase one for
98 cents. Call at the Gazette-News
office and see it.

THE TOURISTS ARE COMING.

Already in Evidence on the Peninsula.
Hotel Proprietors Hoping For
The Season.

The Tampa Times says: "It is
somewhat early in the season to
speak of tourists," remarked a well
known hotel man, to a Times report-
er this morning, "but at same time
they are commencing to come in, al-
though as yet in comparatively
small numbers. The north has not
experienced any cold weather as yet,
and consequently there is little rea-
son in tourists hieing them south-
ward, but the advance guard of reg-
ular visitors has commenced to put
in its appearance, and is passing
through Tampa en route to various
points south.

"The first cold snap will bring
the tourists to Florida in a hurry,
but they are like the birds in this
respect, that they always wait un-
till the winter sets in fairly heavy
before they make the step that means
voluntary exile from their winter
homes for a period of several months.

Of course there are always a num-
ber of people who make it a point
to get here early in the season, and
these parties have already made
their appearance. I have noted
some of the old stagers already on
the hotel registers, and have had the
pleasure of meeting some of my old
friends of years past.

"These people are the ones that
regard Florida as very nearly as
much their home as the cities and
towns in the north where they vote
and have their summer homes.
They make it a point to get here
ahead of the tourist rush, for the
purpose of securing quarters that
they have, perhaps occupied several
years consecutively. These people
want to settle down comfortably for
a long winter season in Flori-
da and in consequence they make
it a point to reach the resorts
ahead of the army of visitors that
come south on the wings of the first
cold wave.

"Personally I am looking forward
to a good season this year. There
is no reason that I can see why such
an expectation should be disap-
pointed. The tourists are looking
to Florida again, as they did years
ago, and in consequence, they may
be expected to make this state their
home in large numbers during the
coming season.

"Other business in the hotel line
here is picking up very well. The
traveling men are passing through
Tampa in numbers, and they all
seem well satisfied with conditions
as they find them. In fact, the win-
ter may be said to have opened up,
and conditions to my mind are all
that could be asked."
